

Hayle Academy

6th July 2021

Dear Parents/ Carers

In line with our procedures, I am contacting parents to inform you that there is a potential positive case of Covid 19 within our Year 8 bubble. Our information suggests this case is linked to a community activity group. At this stage, the case is based on a lateral flow device (LFD) test; we await the outcome of a confirmatory PCR test.

All parents of students who have been in close contact with the child during the school day have been informed and a small group of students are now self –isolating as a preventative measure.

We are working in partnership with Truro and Penwith Academy Trust and have arranged for enhanced cleaning of classrooms and ‘high touch’ areas of the school.

All advice from Public Health is being followed and I would like to reassure parents that our school management procedures mean that the risk of infection to other students during the school day has been minimised.

The school continues to be fully open to all other students and I would like to take this opportunity to thank our parents for their continued support.

Yours faithfully

Mr S Horner
Head of School
