Relationships and Sex Education and Health Education
Consultation with Parents and Carers

Dear Parent/Carer

As you may be aware, Relationships and Sex Education and Health Education become compulsory in all secondary schools in September 2020.

Students at the school are unlikely to notice any change in current practice as we have always delivered these areas as part of our commitment to supporting personal development.

However, as the status has now changed to compulsory we would like to consult with parents and carers on this matter to ensure you are fully informed. Please could you read the attached document and contact me if you have any comment, concerns or questions.

Thank you for your continued support.

Kind regards

Rebecca Wilson
Global Values Lead
