

Devon and Cornwall Police

Hayle Neighbourhood Policing Team

Hayle Emergency Services Station

Dear Teachers, Parents/Guardians,

We write to you regarding recent reports of anti-social behaviour and acts of criminal damage reported in St Erth Park, St Erth. It has been brought to our attention that youths who attend local schools in our community have been involved. The issues reported include acts of criminal damage being caused to park property, fires being started in the public toilets building, littering and instances of loud disorderly behaviour.

Such behaviour is unacceptable and will not be tolerated and it has a negative impact on the community and park users. We are committed to ensuring a safe and pleasant environment for our communities, and we take these reports seriously and inquiries being made to identify offenders involved in acts of vandalism. We will not hesitate to take further action where we have evidence of criminal offences with offenders identified.

At this time, we are asking schoolteachers, parents and guardians to discuss this matter with children. We hope that these issues can be resolved without the need for further police action being taken.

If you wish to discuss anything concerning this, please contact the Hayle neighbourhood policing team by contacting Devon and Cornwall Police via the organisation's website.

Yours sincerely, Hayle neighbourhood policing team.
