

KS4 Vocabulary by unit and tier

This editable GCSE KS4 French (8652) vocabulary resource is a list of vocabulary for each unit per tier from the defined vocabulary lists in the specification. It should be used in conjunction with the [KS4 scheme of work](#).

The allocation of the vocabulary per topic is suggested and can be adapted according to different contexts. There is also a list of general words which can be taught across any of the topics.

Alternatively, there is an [interactive vocabulary list](#) on our website which can be used flexibly to sort the vocabulary by theme, topic, required grammar or part of speech.

Contents

You can use the title links to jump directly to the different sections of this GCSE French KS4 vocabulary list (use Ctrl and click to follow the link).
