

Hayle Academy

1st May 2026

Dear Parents and Carers,

We are writing to request your consent for your Year 11 child to use the Department for Education (DfE) education record app. This secure app allows pupils to access key information about their education directly from their mobile phone, view their GCES results and access their educational record online.

This new app from the Department for Education record is issued to pupils in Year 11 and includes:

- Pupil name, date of birth and address
- Schools attended
- Official exam results for qualifications such as GCSEs
- Support needs

A member of staff at our school will verify each pupil's identity before issuing their education record through the app. Pupils will need access to their current mobile phone or another suitable device to download and use the app.

Using the education record app offers several benefits for pupils, including the ability to:

- Quickly access the education information held about them by the DfE
- Share details of their support needs with sixth forms, colleges or training providers so support can be arranged early
- Save time by sharing information digitally during applications and enrolment

You can view an example of what an education record looks like and find out more about where the information comes from here: <https://pp.issue-education-record.education.gov.uk/about/pupils-parents>

To proceed, we require your consent for your Year 11 child to be issued their education record through the app. Please confirm your consent by completing the consent form here by Wednesday 6th May: [Educational Record App - Parental consent – Fill out form](#)

There will still be a traditional results day where students are able to come into school and collect their results with parents and friends.

If you have any questions or would like further information, please do not hesitate to contact us.

Kind regards,

Richard Radford

Richard Radford
Assistant Headteacher
